

For Immediate Release

State Farm Insurance Agency of Ron and Matt Smith to Sponsor The Family Conservation Center at Englewood Beach WaterFest 2018

Englewood, FL – May 15, 2018:

Englewood Beach WaterFest, Inc., a 501(c)(3) non-profit organization, is pleased to announce that the State Farm insurance agency of Ron Smith and Matt Smith of Englewood, Florida will sponsor the Family Conservation Center at WaterFest 2018 on November 17-18, 2018.

Englewood Beach Waterfest is a multi-day, all-ages entertainment event featuring boat races, both paddle and power, marine education exhibits, entertainment, food and fun, the proceeds from which are contributed to local charities who support these causes. The Family Conservation Center presented by State Farm, will be a cornerstone and a must see at WaterFest for 2018, and will be a venue of interactive and educational displays and exhibits focused on water and marine life conservation. The Family Conservation Center will be housed under a 5,000 square foot tented area within the WaterFest Village on Englewood Beach where expert personnel will represent the region's leading Environment and Conservation organizations.

Steve Schroeder, President of Englewood Beach WaterFest, Inc. states, "We are extremely pleased that the Ron and Matt Smith Agency of State Farm Insurance was willing to support our event, and more importantly, its focus on water resources and marine conservation. We are excited about their commitment to our cause, which is to connect people with Englewood's unique water resources, their recreational and responsible use, and the preservation of those resources today, tomorrow and forever."

About Englewood Beach WaterFest, Inc.

Englewood Beach Waterfest, as a 501 (c) (3) nonprofit organization, is committed to donating our proceeds to deserving organizations that foster the protection of our water and marine life, and encourage the recreational use of our water resources. We do this by hosting an all-ages entertainment event showcasing water recreation and conservation activities.
